Rinse-Aid

Ultra-concentrated
rinse additive for
use in automatic
injection
warewash
systems

Product Properties

COLOR: Clear Turquoise
ODOR: Characteristic
pH: 3.0
SPECIFIC GRAVITY: 1.03
WETTING: Excellent
SOLUBILITY IN WATER: Complete
HARD WATER TOLERANCE: Excellent

Description

This concentrated rinse additive is specially formulated for use in both low and high temperature dishmachine applications. Special conditioning agents reduce surface tension to provide rapid draining and rinsing. Controlled foam formula works over a wide temperature range and counteracts spotting caused by water impurities and dissolved solids. Compatible with both quaternary ammonium and chlorine sanitizers at use concentrations.

Features...Benefits

Concentrated..... Economical
Speeds Drying..... Labor Saving
Prevents Spotting..... Labor Saving
Hard Water Effective..... Improved Performance
Foam Controlled..... Improved Performance

Directions

Place pickup tube from dishmachine dispensing system into container. Product will be automatically injected during the rinse cycle. Follow instructions on your Dishmachine Procedures poster or consult your Service Representative for additional application information.

Safety Information

KEEP OUT OF REACH OF CHILDREN

CAUTION. Skin and eye irritant. In case of contact, rinse eyes with plenty of water and seek medical attention. For skin, flush with plenty of water and seek medical attention if irritation persists. If ingested, DO NOT induce vomiting. Drink milk or water to dilute material and seek medical attention.

Letter of guarantee available upon request.
