

HP Hood LLC
Six Kimball Lane | Lynnfield, MA 01940

October 25, 2022

Dear Valued Customer:

HP Hood LLC is voluntarily recalling a select number of containers of Hood, Lactaid and Penn Maid brand cottage cheese due to the potential presence of plastic pieces, which we have determined are unlikely to cause serious injuries or illnesses. Accordingly, Hood considers this to be a Class II recall.

This voluntary recall is limited to select 16oz, 24oz and 32oz Hood, Lactaid and Penn Maid brand containers of cottage cheese products with "Best By" expiration dates between 10/24/22 and 12/12/22. The specific list of items that impacts you is detailed on the attached page(s).

This recall applies to only those items on the attached page(s). The recall does not apply to any other products.

No illnesses or injuries have been reported to date. Out of an abundance of caution, after a small number of consumers contacted us about this issue, we promptly took this action and contacted the FDA. We have identified and remedied the cause of the problem that led to the recall.

As a result of this recall, we request that you remove the affected products from your inventory and/or store shelves immediately, destroy and record the amount of product withdrawn and destroyed on the attached form, and send the form via e-mail to Hood at VernonOrders@hphood.com as soon as possible.

Your Hood Customer Service representative will work with you to issue credit and replenish your inventory.

Please direct consumer inquiries to our Consumer Affairs hotline at 1-800-242-2423.

We apologize for this inconvenience, and thank you for your understanding of this matter.

Sincerely,

A handwritten signature in blue ink that reads "Pete Spanedda".

Pete Spanedda
Senior Vice President, Sales
HP Hood LLC
